## Certificate

---

### Certificate of Completion: Full Stack Development Program

- Successfully completed a 45-day intensive Full Stack Development Program at Digital ERA Academy, covering HTML5, CSS3, JavaScript, React, and Python.
- Demonstrated proficiency in both front-end and back-end development, showcasing dedication and skill in a comprehensive range of development technologies.

## Technical Skills

---

**Languages:** C, Java, HTML, CSS, JavaScript, Node.js, React.js, Bootstrap, SQL

## Projects

---

- **E-Commerce Website (MERN Stack) - [LINK](#)**
  - Developed using the MERN Stack (MongoDB, Express.js, React.js, Node.js), offering a robust and efficient platform for online shopping with seamless front-end and back-end integration.
  - Ensures a smooth user experience, powerful data management, and scalability, making it ideal for modern e-commerce solutions.
- **Netflix UI - [LINK](#)**
  - Designed with HTML and CSS, featuring sleek and intuitive design elements for browsing and watching content with a responsive layout for various devices.
  - Incorporates familiar visual cues and navigation patterns for an immersive streaming experience reminiscent of the popular entertainment platform.
- **Amazon UI - [LINK](#)**
  - Replicates the familiar layout of Amazon using HTML and CSS, including navigation bars, product grids, and search functionality.
  - Achieves responsiveness for various screen sizes using flexbox or grid layouts and media queries to mimic the iconic Amazon look.
